underside, yellow orange  
back, black wings

black band passing  
through the eyes

---

grey and white body,  
grey wings, black head  
and neck,

reddish orange beak

---

brilliant blue body, brown  
underside, mustard  
yellow belly, black head

long red beak

---

cream neck, orange  
under tail-coverts, top  
side was dull brown

black beak

---

black in colour

---

grey in colour

---

---

---

---

whitish grey undertail  
coverts, black head,  
brown body, dark brown  
border

hooked beak

---

---

white bird black legs

orangish beak

black body, white belly

grey patchy head,  
black patch across  
eyes

brown beak

---

reddish brown wings

---

---

cream belly, brown body

light brown, cream belly

2 brown stripes on the  
wing

---

black completely

---

---

brown body, cream  
belly, brown flecking on  
the neck

---

greyish creamy belly

---

---

---

---

brown body, black head

white patch on wing

---

brown body, brown belly

---

creamy orangish belly,  
underside of the wing-  
cream coloured, black  
eyes, blackish  
head, body-light brown  
with fleckles on the body

---

black body, tips of tail  
and wing-black, grey  
wings, white body

area around eyes-red

---

grey head, white belly,  
area under eyes and  
beak-black, cream  
coloured body

---

dark brown body,  
hooked beak

brown beak

---

grey body, ends of tail  
and wings are whitish

---

---

Upper body and wings in  
black-brown proportion.  
Lower body white. the  
chest is black.  
underneath the wings is  
white

Not sure whether it  
was a yellow or a  
red beak. Not a long  
beak though. Could  
not observe the  
beak colour.

---

---

greyish white-head to  
belly, darkish grey tail,  
whitish neck

black stripe on the  
neck

brownish orange  
beak

---

---

completely black, end of  
tail-slightly white

---

brown body, top of the head is blue	wings were alternate dark and light blue	small, slightly curved beak
grey body, head and neck are black, white belly, slight red patch near the eye	top of the wings are grey with a white stripe and black tips. Underside of the wing is white with black tips	red orange beak
completely black, black wings, under tail-coverts white	white patch on the wing	brown beak
fat bird, belly lighter brown than body		orange beak
cream belly, black eyes		long yellow beak
greyish white belly		hooked white beak
black head, white belly, white around the eyes	white patch on the wings	
grey belly, underside of wing and tail is white, top of head is grey	black lines just above the eyes, white wings with black border	black beak
yellowish brown		
orange	black patch (regular)	
white on top	yellow neck, black collar up to wings and then yellow continuously	

[illegible]

Green body, white bottom		small beak like that of a sparrow
Grey, yellow thin legs		V-shaped patch over the wings, then white and finally black towards the edge of the wings red beak
Brown Coloured		small-small black patches on its brown feathers hen like beak
Grey-Black slim body, long tailed		small beak
Grey body, long black tail		small beak
Deep brown body		small beak
Brown (Like wet garden soil)	90,30,4	Brown body, light brown patch on chest, black eyes, black feet, reddish brown cheeks Brown-black beak
Grey body, white head, black edges of wings		Grey body, white head, black edges of wings Black beak
Very dark brown, almost black	35,18,7	Forked tail, darker edges of wings
Yellow brown (slightly darker than woodcasing of a pencil) - dorsal, Yellow white - ventral	152, 85,31	Tail resembling a wooden spoon, white patch on wings
Slightly red brown than a woodcasing of a pencil-rust like	170,86,51	Patterned wings ? - dorsal view
Brown coloured body, black centered- yellow eyes		

---

Black body

---

red beak

---

---

Dark brown wings, black  
tail

---

black beak

---

---

Black body and wings as  
well, red spot on the  
beginning of the tail

---

---

Black neck, grey wings,  
black head, area around  
eyes white, white under  
belly, peachish-orange  
legs, dirty grey beak  
yellow underbelly,  
pinkish feet, back was  
brown with white  
speckles

---

The wings had a white  
area, with few black  
lines

---

slightly long and thin  
beak

---

short, pointed beak

---

---

Female because the  
parrots didn't have a  
rose ring around their  
necks

---
