Dear Atul,

Thanks for sending me your CV. It is very impressive.
I hope, you find a PhD position to continue as a research student
after completing your degree.

If you would like to come to Leeds, you would be very welcome
to apply for a Commonwealth Fellowship.

As an additional alternative, you could apply for a LIRS Fellowship
from the University of Leeds for international students. More
information can be found here:

<http://scholarship-positions.com/leeds-international-research-scholarships-uk-2015-2016/2014/11/01/>

The last round of applications closed recently, but there will be
a new round of fellowships available, probably with an application
deadline in January.

Best wishes, Almut

Dr Almut Beige
Head of the Theoretical Physics Group
School of Physics and Astronomy

Subject: PhD position request

Dear Prof. Beige,

I'll keep it short. I am Atul from India and wish to apply for a PhD. I have attached my CV herewith. Should you choose to agree, I would apply for the commonwealth scholarship. Thanks.

Sincerely
Atul
