Dear Ms. Shruti,

Subject: Late submission of the NMR experiment's record

This is to inform you that I failed to submit the NMR experiment's record last week as I was not clear about the concepts and I couldn't see the point of just copying something from different sources. I discussed this with Prof K. S. Viswanathan and could meet him only on Thursday and therefore could submit the record only now.

Also, I am unable to find my record even now and have thus created a new one for the time being.

Sincerely

Atul
