Application for Admission to Graduate Study
International Applicants

INSTRUCTIONS FOR INTERNATIONAL DEGREE-SEEKING APPLICANTS

Louisiana State University welcomes your interest in graduate study. Before completing this application, please consult the LSU General Catalog or the Graduate School Bulletin (www.gradschool.lsu.edu) for a description of basic admission requirements, required fees, degree offerings, and courses.

SOCIAL SECURITY NUMBER

Disclosure of your social security number is requested for student records systems at Louisiana State University (LSU) and for compliance with Federal and State reporting requirements. Federal law requires that you provide your SSN if you are applying for financial aid. Although an SSN is not required for admission to LSU, failure to provide your SSN may result in delays in processing your application or in the University's inability to match your application with transcripts, test scores, and other materials. Student SSNs are maintained and used by LSU for financial aid, TOPS, internal verification, and administrative purposes, and for reports to Federal Agencies as required by law. The privacy and confidentiality of student records is protected by law and LSU will not disclose your SSN without your consent for any other purposes except as allowed by law.

If you have a current or previous relationship with LSU (applicant, student, employee, alum), failure to provide your social security number may result in duplicate id and/or myLSU login assignments which could delay the processing of your application and any subsequent financial activities, including but not limited to financial aid and employment.

APPLICATION PROCEDURES

Applications will not be processed until all required materials have been submitted. All application materials become the property of the University and cannot be returned.

The following materials must be submitted to the Graduate School:

Transcripts: One set of official transcripts of all previous college or university work from each institution attended. Transfer credit posted on the records of other institutions is not accepted in lieu of transcripts from the original institution(s). If the college or university will supply you with an official transcript in a sealed and signed envelope, obtain the transcript in that manner and submit it unopened. If the college or university will not send official transcripts to a student, please request that an official transcript be sent to the Graduate School at the following address:

The Graduate School
114 David Boyd Hall
Louisiana State University

Baton Rouge, Louisiana, 70803

Transcripts from LSU, Baton Rouge, need not be submitted.

International applicants must include degree statements and an official English translation of each foreign document.

Test Scores

Required test scores should be sent directly to the Graduate School by the appropriate testing service (The LSU code for ETS reporting is R6373-5). One or more of the following official test score reports must be sent directly from the testing agency to the Graduate School at the address shown above. Reporting test scores yourself on the Application for Admission form, though considered unofficial, can speed the processing of your application for admission and for assistantship or fellowship consideration.

Graduate Record Examination (GRE) General Test: Required for all applicants except Master of Fine Arts (Studio Art), Master of Music, and programs in business administration. Applicants to the Department of Economics must submit GRE scores.

Graduate Management Admission Test (GMAT): Required for all applicants to programs in business administration except Economics. Note: The Department of Information Systems & Decision Sciences and Public Administration program will accept either the GRE or GMAT scores.

Test of English as a Foreign Language (TOEFL), the International English Language Testing Service (IELTS) or the Pearson's Test of English (PTE): Required for international applicants from countries other than United Kingdom, Ireland, Canada, Australia, New Zealand, Belize, or certain Caribbean Islands. If you have a degree from a U.S. college or university or a degree from any of the listed countries, you are exempt from this requirement.

You must have a TOEFL score of 550 on the paper-based test; 213 on the computer-based test; or 79 on the internet-based test for admission. Alternatively, the score required for IELTS is a minimum of 6.5. A score of 59 is required for the PTE. TOEFL test scores should be sent directly to LSU by Educational Testing Service. Please write to the Educational Testing Service, Princeton, New Jersey 08541-6000, or call (609) 771- 7670 for information about sending official score reports. The LSU code is R-6373-5.

IELTS test scores should be sent directly to LSU by IELTS.

PTE test scores should be sent directly to LSU by Pearson's.

DEPARTMENT REQUIREMENTS

Some departments may have additional application requirements. For additional program specific requirements, please visit the General Catalog

APPLICATION FEES, PRIORITY DATES, & DEADLINES

Applications for graduate admission require appropriate electronic payment (via credit or debit card). Additional late fees, where applicable, are assessed for applications submitted after the noted deadlines. Applications can

be submitted at any time, but to receive full consideration for all scholarships and fellowships, fall semester applications must be received by the January 1 priority date. Applications received after that date can be considered for any financial assistance that remains. Note: Most programs require applications and all supporting materials to be submitted much earlier than the Graduate School deadlines listed below, especially for financial consideration. Contact the graduate adviser in your program for additional information on departmental deadlines.

Relevant Coursework

List no more than 12 courses that you feel have prepared you for the graduate program to which you are applying. Please provide descriptive course titles, e.g., analytical chemistry, economic theory, etc.

Department coursework:
Symmetry; Quantum Field Theory; Quantum Computation and Quantum Information;
Nuclear and Particle Physics; Physics of Fluids; Quantum Principles and Quantum Optics;
Radiative effects and Renormalization Group in Relativistic Quantum Field Theory;
Nonlinear dynamics, chaos and complex systems; Computational methods in physics;
Gauge Theories, the Standard Model and beyond; Selected topics in classical and
quantum mechanics (including Dirac's constrained system analysis);

Please provide a brief summary of your research and/or teaching experience.

Research and/or teaching experience:
Research Experience: I had undertaken various (five to be precise) projects in the
summers, during the coursework. I independently found an extension for simulating a
mixed state on a quantum computer in the 2014 project. This was known and had already
been reported. However, in the 2015 project, I was awarded the DAAD WISE fellowship to
work in Siegen, Germany and I was able to make reasonable progress in constructing a
test of local realism using phase-space measurements. (A. S. A., A. Asadian. Phys Rev A
92, 062107 (2015)) For details, please look at my CV (attached) Teaching Experience: I
was one of the Teaching Assistants for Classical Mechanics (undergraduate level).
Unofficially, I took help sessions for Thermodynamics (undergraduate) for my fellow
classmates, under a self assistance series, some of my friends and I initiated.

Financial Information

The following questions apply to financial aid available from your intended department (major).

Do you require funding for graduate school?
Yes

Please indicate whether you are self-supporting, require an assistantship, or
have funding from another source.
Need assistantship

If other funding source, please indicate type of funding.

Statement

Please write a statement concerning your proposed program of graduate study. In your statement, you should address such matters as areas of interest, your plans for development, and (for applicants to research master's and doctoral programs) possible thesis or dissertation topics.

You may also wish to consult the website of your intended program to check for any special requirements your program has regarding this statement.

If you wish to load your statement as an attachment, you may add it to the "attachments" tab in this application. Please note in the box below that you have loaded the attachment.
